

CREO

Milliken™
Ontera™

Creo.

express yourself

Powerful in messaging yet unrestrained in approach, Brazil's famous street art scene has introduced new avenues for artists and inspires on a global level. This modern, moving approach serves as the very inspiration behind Creo. Featuring three vibrant colourways Sao Paulo, Rio, and Brasilia, offered in three lively pattern families, Creo emulates the expressions found lining the streets of Brazil. With the robust offering of three production methods this collection seeks to emote and inspire.

Sao Paulo

COLOURWAY

Sao Paulo captures a natural appeal with warm focal tones fused with powerfully dynamic secondary shades.

INVITING. EXPRESSIVE. DYNAMIC.

MODULAR LANDSCAPES

LOCAL CUSTOMISATION: We have perfected the art of customisation and design flexibility with our PrintWorks technology that provides endless possibilities.

The Milliken Couture customisation process ensures a carpet sample is created within 4 days from concept at our manufacturing facility in Sydney.

SPEED: The PrintWorks™ technology at our manufacturing facility in Sydney allows Milliken-Ontera to deliver orders within 3 weeks from date of order.

INTEGRATED CUSHION: Eliminate the need for dual bond installations with our industry leading integrated cushion backing.

Using an open-cell foam technology, Milliken-Ontera’s WellBAC™ cushion backing delivers health, wellness and performance benefits, including improved acoustics, appearance retention and underfoot comfort.

EASE OF MAINTENANCE: Modular carpet tile format is an ideal and functional solution, enhancing installation flexibility and ease of maintenance, as individual tiles can be lifted for cleaning or replacement.

MATERIAL EFFICIENCY: Simple installation, our products can be quickly and easily replaced. Modular tiles reduce overall waste factor and storage, with no bulky rolls to manage. Modular carpets can typically save 20-30% waste compared to broadloom carpet.

SUSTAINABILITY: PVC free, Declare Red List Free, Cradle to Cradle Silver and certified under the Carpet Institute of Australia Environmental Certification Scheme, all Milliken-Ontera products achieve Level A recognition for Green Star in Australia and New Zealand.

GRAND PLAZA FEATURES & SPECIFICATIONS

FACE WEIGHT: 40oz tufted, patterned cut-pile provides unparalleled luxury and under-foot comfort for a tufted carpet tile.

BACKING: All Milliken-Ontera tiles come standard with a non-reactive and polyurethane PVC-FREE cushion backing. This provides superior underfoot comfort while improving the carpet’s durability and offering ergonomic, acoustic, and environmental benefits.

ACOUSTICS: With cushion backing as a standard, Milliken-Ontera’s carpet tiles provide outstanding sound absorption - absorbing 60% more noise and transmitting 50% less noise than other non-cushion carpet.

DIMENTIONAL STABILITY: For carpet tile, it is imperative that the tile remains flat and dimensionally stable and secure to the floor under extreme conditions (humidity, temperature, & rolling traction). Verify with Aachen test . All Milliken-Ontera products are certified and pass for dimensional stability.

STAIN AND SOIL PROTECTION: Food and beverage spills in public environments require product performance enhancements to help with long term cleanability and overall appearance. All Milliken-Ontera carpet products include as standard our StainSmart® technology- a chemically bonded stain and soil resist technology.

MOISTURE BARRIER: For added performance, the product is standard with a barrier layer that prevents moisture from penetrating through the cushion backing for easier cleaning.

COMPLETE FLOORING SOLUTIONS

With an industry leading selection of high-performance modular carpet and LVT options, we are inspired to create exceptional Clubs & Gaming and Hospitality flooring products that will inspire you and your guests.

Whether it's one of our standard hospitality collections or a custom option from our easy to specify PrintWorks™ patterning technology, we have the right colour, pattern, and construction that adds value to your environment. From the front door, through the lobby to the public space and guest room, Milliken-Ontera brings innovative design to every corner of your property.

CREATING A BETTER WORLD

Milliken-Ontera supports the Property Industry Foundation

Milliken-Ontera is a proud National Corporate Donor of the Property Industry Foundation (PIF) and have actively engaged in fundraising initiatives and volunteer programs to help build homes for homeless youths in Australia.

The Creo collection is part of the **“purpose-orientated”** pathway initiative in pro-actively raising funds for homeless youth. A percentage of revenue of every specification of Creo will be donated to PIF.

The Foundation’s mission is to make a tangible difference to the serious and persistent problem of youth homelessness by partnering with respected charities to build safe environments and support charity managed initiatives focused on education, employment and wellbeing.

**Building homes
for homeless youth.**
