# Your product, the code & your PTS

---

Louise Swann

March 2014

---

## Product Technical Statements

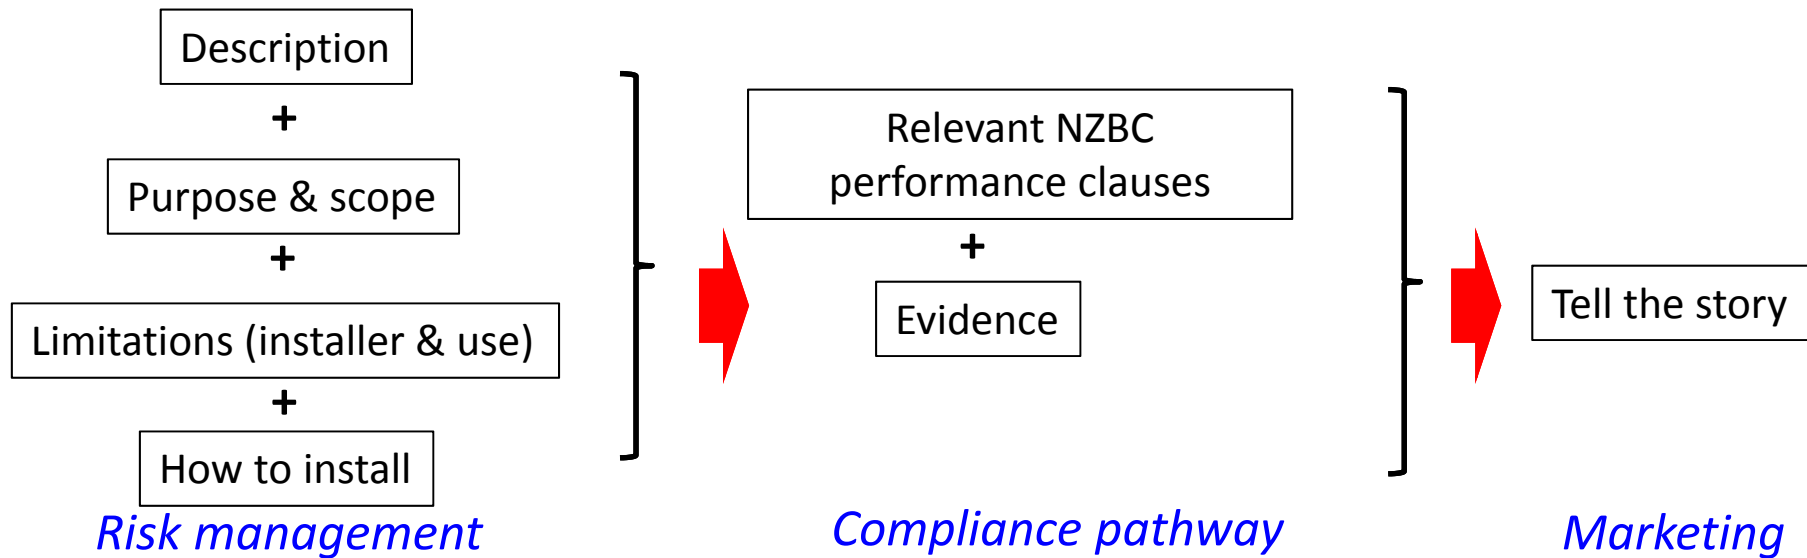

- MBIE construct that will enable you to meet s14G
- Approach
- Content
- Things to think about

[www.dbh.govt.nz/product-technical-statements](http://www.dbh.govt.nz/product-technical-statements)

[www.dbh.govt.nz/product-assurance-options#tech](http://www.dbh.govt.nz/product-assurance-options#tech)

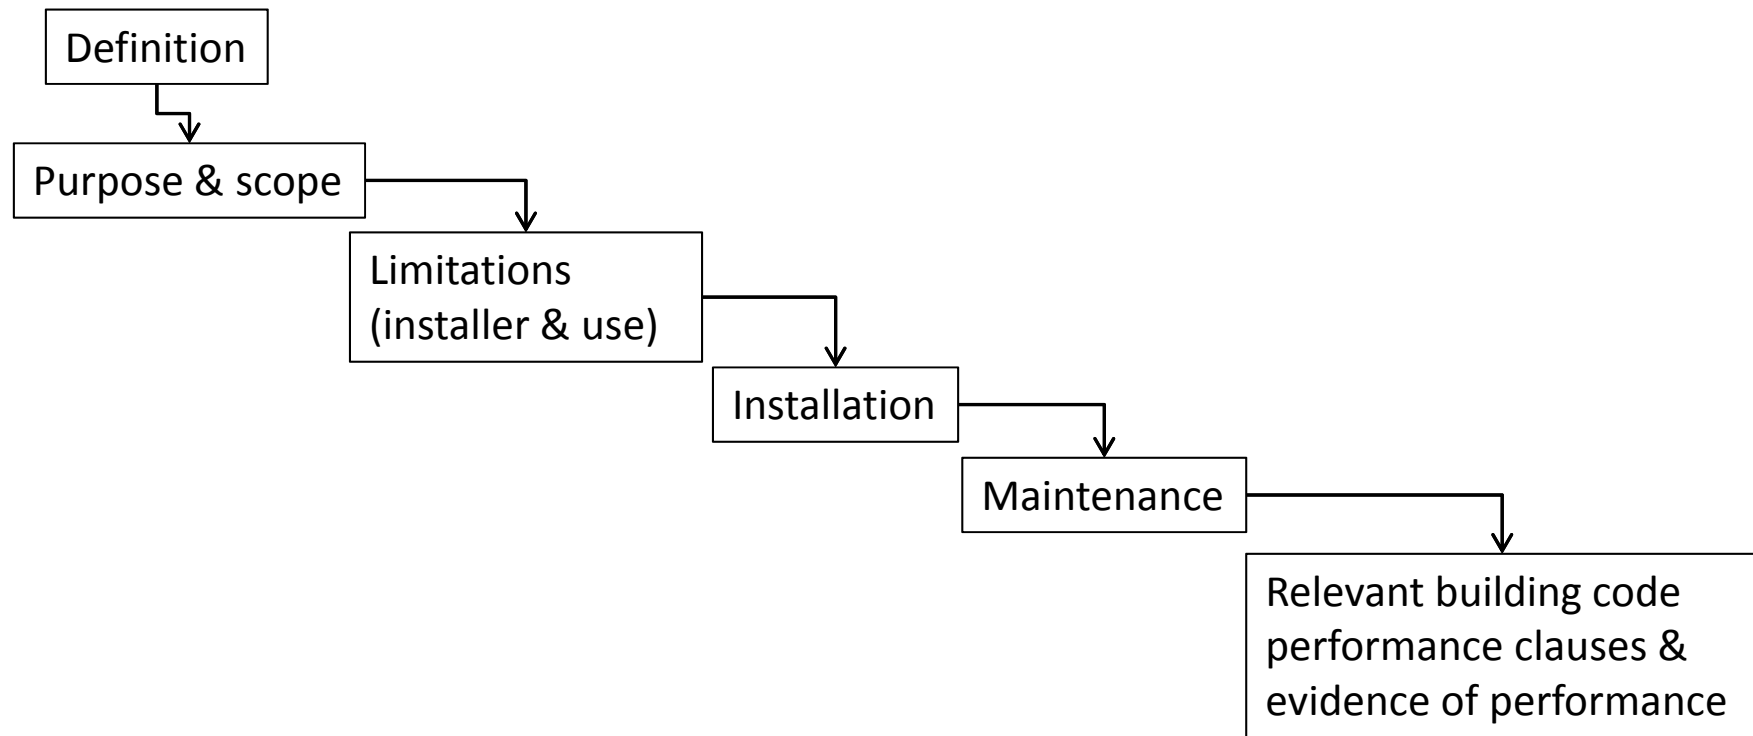

## Be systematic

*Meeting your s14G obligations*

# Content of your PTS – the key elements

# Content of your PTS – Other information

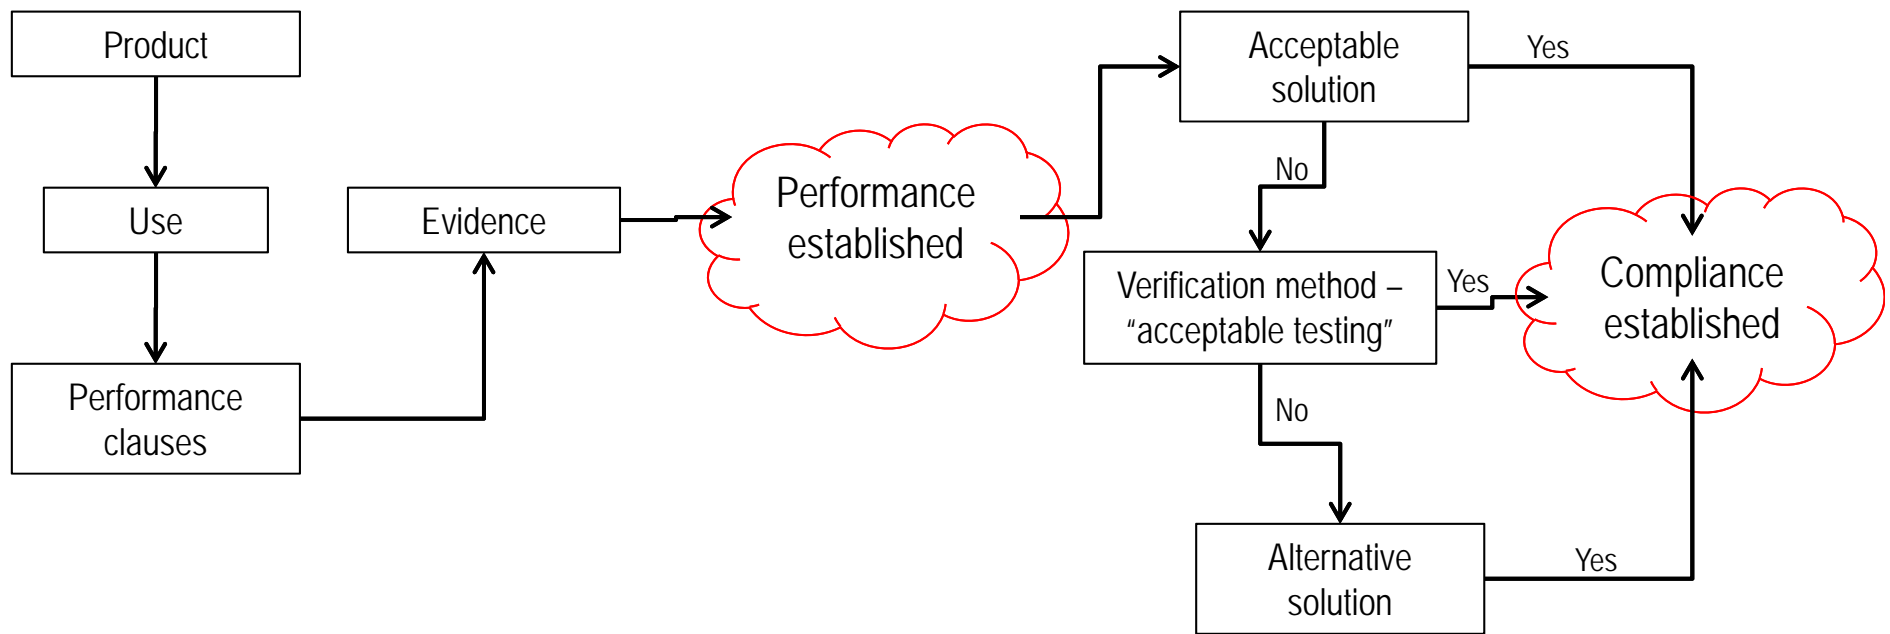

## Ensure

- it is relevant
- it reinforces the evidence of performance
- Improves clarity

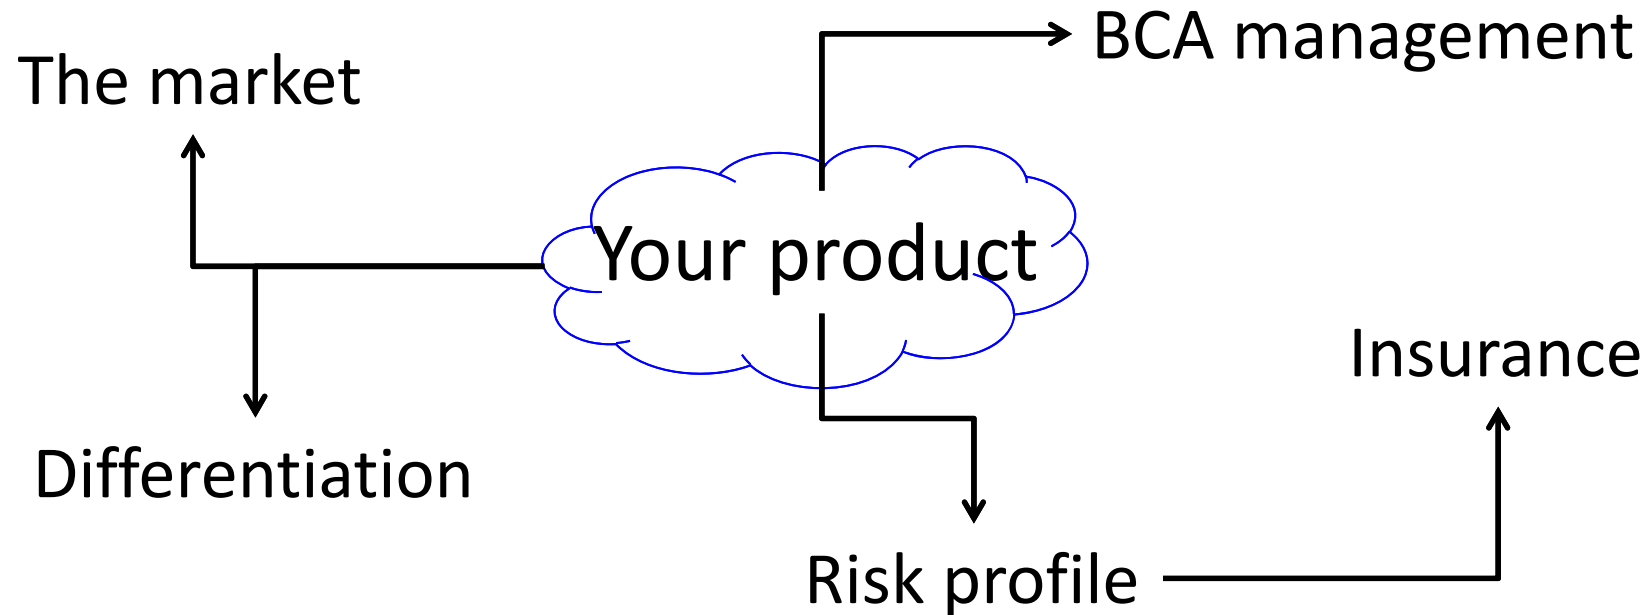

- Warranty
- Overseas certificates
- NZ certificates
- Product related awards
- Relevant photos

# Pathways:- evidence into compliance

## Business value out of s14G

---

## Getting the most out of meeting s14G...

- Your PTS is correct & clear
- Ring-fence your risk
- Nail your compliance
- Hammer any opportunity for differentiation
- But ....
- Make sure your PTS is short & to the point
