

NORDIC STORIES

Milliken™

NORDIC STORIES

Our travels have taken us to extreme environments: the surreal contrasts of Iceland, a country powered by nature and made up of sulphurous plains, salt terraces and geothermal pools. This is geological drama at its best, a place where isolation and dark winters create the backdrop to a unique breed of creativity. In contrast the gentle landscape of Denmark. A country peppered with archipelagos and lush forests and home of 21st Century design, where form and function meet utopian ideology.

Nordic Stories is inspired by the textural landscape, geological extremes, folklore and modern culture of the Northern Hemisphere. Muted natural tones, black volcanic rock, deep blue lakes, rich golden moss, graphic landforms and bold architecture.

This collection represents the sensory experience that is the Nordics, a series of diverse countries with distinct identities that have collectively helped to define contemporary design culture.

It takes humans to protect humanity.

Make changes to end climate change.
Design a better future.

M/PACT™
CARBON NEUTRAL PROGRAM

CLIMATE CHANGE IS ONE OF THE GREATEST THREATS FACING HUMANITY, AND WE ARE ALL RESPONSIBLE.

That's why Milliken Floor Covering launched the **M/PACT™** carbon neutral program. Today, our carpet, LVT and entrance flooring tiles are carbon neutral everywhere in the world.

M/PACT carbon neutral products offset the raw materials and manufacturing carbon footprint* by using 3rd party Verified Carbon Standard Credits that support renewable energy and carbon reduction technologies to help fight climate change. When you choose M/PACT products, you can be sure your choice is carbon neutral.

OUR CARBON NEUTRAL PROGRAM
M/PACT™

M/PACT™
CARBON NEUTRAL PROGRAM

Investment

Today we invest through renewable energy credits, verified carbon offsets, and installing solar power at our Sydney manufacturing facility. We also continue to invest in more efficient manufacturing technologies and in local supply chains.

Materials

We believe material health is essential to enable circularity. The use of materials that don't contain harmful chemicals provides a critical pathway to end-of-life product recycling. Our carpet, LVT and entrance flooring tiles are recyclable.

Dematerialisation

We continue to support the advancement of a circular economy – one that uses less new raw materials and creates less waste. For example, we have created a portfolio of carpet tiles that use less raw material, reducing embodied carbon. We will continue to challenge ourselves and our supply chains to extend innovation in new technologies for dematerialisation.

Manufacturing

We leverage our global manufacturing and local supply chains to minimise carbon emissions. More efficient manufacturing and distribution not only reduces our global carbon footprint, it also has a direct positive impact on the communities we call home.

Wellness

Climate change directly impacts human health and wellness. Pollution. Natural disasters. Droughts. As a founding member of the Well Living Lab and a Well Portfolio Member, we aspire to design products that enhance well-being and quality of life of indoor spaces.

We will continue to do more to lower our carbon footprint.

The M/PACT™ program is long-term, because the fight to stop climate change will be a long one. As a global manufacturing company, we set 2025 goals that align with the United Nations Sustainable Development Goals. We push ourselves to meet our targets on Planet, Product, and People, including a 25% reduction in indexed greenhouse emissions by 2025. These 2025 goals are a benchmark for us to achieve more, faster. We encourage you to specify our carbon neutral products for all of your projects to ensure the climate change journey continues.

Together, we can make a positive **M/PACT™** on the world for generations.

* As calculated and verified scope A1-3 GWP through a ISO14025/ISO14040 compliant LCA and published in third party EPDs.

Milliken

WellBAC®

Milliken WellBAC® open cell foam cushion provides superior durability, appearance retention and cushioning.

Experience the benefits of flooring designed differently.

We believe aesthetics should be backed by science. That's why we have engineered our WellBAC® cushion carpet tile and LVT products to provide a wide range of deeper, long-term benefits. Sometimes the things you can't see make all the difference, so let's take a closer look.

- COMFORT
- ACOUSTICS
- WELLNESS
- SUSTAINABILITY
- INNOVATION
- INSTALLATION
- DURABILITY
- MOISTURE MANAGEMENT

- 

Up to 24% greater underfoot comfort for enhanced ergonomics whilst standing.
- 

Up to 50% improved acoustics for quieter, more productive spaces.
- 

Industry leading moisture management with non-reactive backings to enhance the installation process.
- 

3rd party Verified Red-List Free products for occupant and installer well-being.
- 

Enhanced Indoor Air Quality (Low VOC) for improved occupant and installer well-being.

SPECIFICATION

When you choose M/PACT™ products, you can be sure your choice is carbon neutral. M/PACT™ carbon neutral products offset the raw materials and manufacturing carbon footprint* by using 3rd party Verified Carbon Standard Credits that support renewable energy and carbon reduction technologies to help fight climate change.

*as calculated and verified through a ISO14025/ISO14040 compliant LCA and published in third party EPD.

Standard Backing	WellBAC® Comfort (PVC FREE) (Non-Reactive Backing)
Acoustic Value	Noise Reduction Coefficient - NRC ≥ 0.25 Impact Sound Pressure Level - Ln,w ≤ 47 dB
Concrete Slab Moisture Mitigation	Site-Related Solutions (SRS). Milliken Cushion backed tile + Non-Reactive Standard adhesive means installation 60 days after a new concrete pour, fully warranted no moisture testing required. Refer millikenfloors.com.au

Construction	Tufted, Textured Loop	Lightfastness (AATCC16E)	≥ 4.0 at 80 Hours
Tile Size	50cm x 50cm	Static Electricity	≤ 3.5 KV
Yarn Type	100% Solution Dyed Nylon	(AATCC-134) 20% R.H., 70°F	
Stain Resist	Built-In Protection	Indoor Air Quality	≤ 0.5 mg/m ³ (GLP100130)
Soil Release		CRI Green Label Plus™	
Dye Method	Solution Dyed	VOC	Pass (ISO 10580:2010)
Gauge	1/12	ACCS Grading	CEHD 4*, REHD2 6*, Suitable for Stairs
Stitches Per Inch	10.4	Environmental	ECS Grading -
Tufts	124.8/in ² (1,935/100cm ²)		Level 4 (Hidden Plains & Tectonic: Certificate No. 20142 Isograd: Certificate No. 20144)
Recyclable	100%		Declare -
Nominal Total Thickness	Hidden Plains & Tectonic: 8.4mm Isograd: 8.2mm		3rd Party Verified RED LIST FREE
Nominal Total Weight	Hidden Plains & Tectonic: 98.2 oz/yd ² (3,320 g/m ²) Isograd: 95.9 oz/yd ² (3,252 g/m ²)		Cradle to Cradle - Silver
Nominal Pile Thickness	Hidden Plains & Tectonic: 1.84mm Isograd: 2.0mm		Carbon Neutral
Flammability (Radiant Panel Test)	Hidden Plains & Tectonic: CHF/CRF = 6.6kW/m ² , Smoke value = 131%.min Isograd: CHF/CRF = 4.6kW/m ² , Smoke value = 160%.min		Environmental Product Declaration (EPD)
			Health Product Declaration (HPD)

Recommended Installation Method(s)	Monolithic
Recommended Area of Use	Commercial Extra Heavy Duty and Stairs
Warranties	15-year Wear Warranty 15-year Dimensional Stability Warranty 15-year Anti-Static Warranty 15-year Castor Chair Wear Warranty
