This warranty does not include your costs of any defective product, costs of shipping, or costs of labour or installation. Consequential and incidental damages are not recoverable under this warranty.

Fence Maintenance:

We recommend that you periodically check your fence to ensure that no external factors outlined above are taking place that could void your warranty. In order to maintain your fence in peak condition we recommend that you periodically wash your fence to rid it of corrosive or similar damaging particles. Washing your fence with a mild detergent every 3 months in corrosive environments (greater than 20um/year corrosion) to every 6 months in non-corrosive environments is required.

Your obligations:

You must (1) sign this warranty form together with the following information & return mail to us (2) your date of purchase (3) the actual physical address of where the product is installed. The above information must be completed within 12 weeks of the date of purchase. We will return a signed copy of this form to your address. (4) you need to maintain your fence as outlined.

Edgesmith’s Obligations in the event of a claim:

Once we have validated your claim, Edgesmith will either repair the damaged portion or will issue you a pro-rated credit to purchase the same or similar product from us equal to (1) the original purchase price for the defective portion of the product excluding installation costs, (2) multiplied by the number of years (and portions of a year, rounded up) remaining in the warranty period, and (3) divided by the total number of years in the warranty period.

We do not authorize any other person to make any other warranties on our behalf, including any dealer of the fence and no other agreement is valid. Although powder coated fences may improve the appearance of your fences, the powder coating itself is not covered by Edgesmith. However, the local powder coating company that coated your panels may offer a warranty of their own.
